ABOUT ME

Motivated and detail-oriented Cybersecurity enthusiast seeking opportunities as a SOC Analyst. Possess hands-on knowledge of SOC Level 1 operations, including log monitoring, incident detection, and basic incident response. Skilled in Python scripting and Bash automation for security tasks, with a foundational understanding of SIEM tools, network security, and threat analysis. Familiar with common attack vectors, vulnerability assessment, and security frameworks such as OWASP Top 10. Passionate about identifying threats, analyzing security events, and continuously enhancing practical cybersecurity skills. Eager to contribute to a Security Operations Center while gaining hands-on experience through a remote cybersecurity internship.

EXPERIENCE

Font-end Developer

2024 – 2025

Really Great Industries

Developed modern and responsive frontend applications using React.js and Next.js, building reusable components and dynamic user interfaces. Implemented server-side rendering, routing, and state management to enhance application performance and user experience.

SOC Analyst level 1

Self job

Monitored and analyzed security events and alerts as a SOC Analyst Level 1, identifying potential threats and suspicious activities. Performed log analysis, incident triage, and initial investigation of security incidents using SIEM and monitoring tools. Assisted in documenting incidents, escalating confirmed threats, and supporting the implementation of security best practices.

Certification

Cisco Certifications

- Introduction to Cybersecurity — Cisco Networking Academy
- Cybersecurity Analyst / Security Analyst — Cisco Networking Academy
- TryHack me Labs SOC L1
- SIEM tools (splunk, IBMQradar, Wazuh)
- Wrote a Research paper on, Reducing-False-Positives-in-SIEM

EDUCATION

University of Baltistan

2023 - 2027

BS Computer Science

Pepperdine College

2020 - 2022

Intermediate in ICS
